- Abbreviations used

WS: Winter Semester SS: Summer Semester

- I have listed deadline of WS for most of the universities because I applied in WS. For SS deadline visit the given link.
- ***It is easier to get admission in SS as compared to WS.***
- This information might change. Use given links to find updated information.
- I have listed all the possible courses in which a candidate of BS (4 years) Chemistry and MSc Chemistry can apply.
- Please avoid further queries in private messages. For more information and application procedures follow the given links.
- ***Please share this file with your fellows having background of Chemistry and intend to study their post-graduation in Germany.***
